## THE DUKE OF CONNAUGHT RECEIVING NATIVE SULTANS ON BOARD THE "MALAYA" AT ADEN

During the voyage of the Duke to India, he suffered from a severe attack of bronchitis soon after leaving Port Said. Acting on medical advice he did not land at Aden, but received the Resident and the native chiefs on board the "Malaya" on his arrival there on January 1. He is here seen greeting the venerable Sultan of Fadli, who is stated to be over 100 years of age. Owing to the weight of his years he had to be carried aboard by two bluejackets. The Abdali Sultan and the Sultan Abdul Kader were also present at the Duke's reception.
