Mr Howard :

Thank you for your kind letter, and
am glad to hear that my picture
"amer" has been acquired by the City
Gallery.

The picture was painted
a model who posed in a sunlit
room which so much suggested out-of-
doors that I had the idea of making
sitting in a garden, for which
I remember buying a rhododendron
probably ~~using~~^{used} sketches as well;
my experience also played a part!
This may be a blow to those who
regard painting more or less as
painted photography.

Yours very truly
Philip
