

I would like to invite you all to visit my page on www.findartinfo.com regarding the 3 Steeles. Edwin Steele (senior), Edwin Steele (junior) and Edward James Steele. The painter of this Gorgeous vase of flowers, is Edwin Steele (junior), the artist was born in 1839 in Stoke and Trent, and died in Birmingham in 1919. I was able to find out the painter's year of death because of reading on a website that the last painting found of the flower painter, was dated 1918. I know what I am talking about because I did a huge research on this painter's family. When you visit Find Art Website, click on the Forum button and beside the MTC letters click on the link regarding the Steele family of artists. I also would like to inform you that at the end of the page you have the most recent information. I have put birth and death certificates of the three artists.
