Hello Maria, very good to hear from you.

Unfortunately the image that you sent is not very clear, but it looks to be of two sailing barges in the foreground. Of themselves these could be any date in the last few hundred years. However in the centre background there appears to be two steam vessels, one small one, maybe a tug towing a sailing ship and another larger steamer to the right. The very tall smoke stacks indicate that they are early steamships of around 1900. It is just possible that they date from the later end of your date range. Another photo of those two ships would help.

Sorry I can't be any clearer.

Best regards

Dave Waller

Dear Sir or Madam

Would you be so kind in helping me to discover, if these boats on this painting, which I am sending you herewith by attachment, could have been painted on the 19 century?

I am looking forward to hearing from you.

Yours faithfully

Maria Coutinho
